## **Factory-Certified Refurbished Machines**

### **Step 1: Incoming Cleaning and Assessment**

Once a machine arrives in our Rebuild Center, we conduct a thorough cleaning and evaluate the condition of all components.

### **Step 2: Assembly and Repairs**

Factory-trained technicians assemble the machines and make repairs using genuine IMA and Schelling replacement parts.

### **Step 3: Restoration to Original Factory Specifications**

The machine is restored to its original appearance and performance capability. Equipment is calibrated and thoroughly tested to ensure full functionality to original factory specifications.

### **Step 4: Certification and Warranty**

Every IMA Schelling USA factory-certified refurbished machine comes with a six-month warranty.
