IMA Schelling Group Factory-Certified Machine Warranty

Full six (6) month warranty on labor and parts (including electrical and electronic) beginning from the date of completion of installation and acceptance by the customer or beginning 30 days from delivery to customer's location if customer delays installation for defects that arise in the course of normal usage of the machine for its intended purpose. This warranty applies to defects that occur under normal operating conditions.

The Warranty does not cover malfunctions caused by improper maintenance, improper operation, unauthorized or poorly implemented alterations and does not apply to parts subject to normal wear, tear and deterioration or parts subject to additional wear due to the type of raw materials that are processed.
